Member Case No. 09-2977

ORDER AND REASONS

Before the Court is the Motion to Reconsider the Court's Ruling Granting Defendant's Motion to Strike the Plaintiff's Expert Supplemental Reports (Rec. Doc. 11758), filed by Plaintiff Lyndon Wright. After considering the memoranda filed by the parties and the applicable law,

IT IS ORDERED that the **Motion to Reconsider the Court's Ruling Granting Defendant's Motion to Strike the Plaintiff's Expert Supplemental Reports (Rec. Doc. 11758)** is **GRANTED IN PART and DENIED IN PART**, as expressed herein.

(1) Dr. Patricia Williams - Granted to the following extent:

Dr. Williams (and defense general causation expert(s)) may discuss the late 2009-2010 Hauptmann and Zhang articles, *to the extent that they relate to a prior opinion on general causation that was timely rendered*. No additional opinions based on such articles will be permitted. To the extent that either side wishes to depose the opposing general causation expert on these Hauptmann

and/or Zhang articles, a short deposition specifically limited to these matters may be arranged by counsel.

(2) Paul Hewett - Denied; however, if Defendants, on cross-examination, question Hewett about his allegedly incomplete analysis, Hewett will be allowed to testify about his subsequent analysis done to respond to Defendants' criticisms.

(3) Paul LaGrange - Denied; however, if Defendants, on cross-examination, open the door to any subsequent testing done by LaGrange (by questioning him about his failure to do such testing initially), he will be allowed to testify regarding such matters.
