**Special Master's Recommendations
Concerning Manufactured Home
Class Representative Awards**

The Court has asked the Special Master to recommend an amount to be awarded to each class representative as an enhancement with respect to the Manufactured Home settlement (RD 20476-1).

There are 25 class representatives. Given the limited nature of the settlement corpus, and given the relatively minimal expenditure of time by the class representatives themselves (as opposed to their attorneys) in prosecuting the case, the Special Master recommends that the Court award a \$750 enhancement award to each class representative.
